W. E. STALLARD,
Chairman Mason County Executive Committee.
D. C. COLLINS, Secretary.

It's a wonder the Auditor's Agent doesn't get after some of the wealthy Democrats "tax shirkers." So far he has brought his squintgun to bear only on Republicans who are supposed to have money.

The marvelous industrial development of the United States in recent years is not thoroughly appreciated by the average American so well as by Europeans, upon whom presses with irresistible force the expansion of our foreign commerce, as evidenced by the European press clamoring for protection against the invasion of even their home markets by American manufactures and for combination Tariff walls against us. Recent figures, published by the Treasury Department at Washington, giving our coal production during the past fifteen years, are as surprising as they are gratifying, and coal is the very soul of industrial life. The United States in 1886 produced 100,000,000 tons of coal, and in 1900 the production was 245,422,000 tons, an increase of very nearly 150% in fifteen years, while Great Britain increased her coal output during the same period from about 200,000,000 to 250,000,000 tons in 1886 to 225,181,000 tons in 1900. The foregoing figures are their most eloquent heralds. And all this in the face of the freetrade cry that the Republican policy of Protection would prevent American products from going abroad.

Of the militia appropriation of different states, Kentucky received \$27,414.

MR. EVAN H. SPENCE.

His Death Yesterday Morning at His Home Near Tollyboro.

Mr. Evan H. Spence died of consumption at 5 o'clock yesterday morning at his home near Tollyboro.

He was 57 years of age and is survived by his wife and ten children—four boys and six girls.

The funeral services were preached by the Rev. Kennedy Johnson of the M. E. Church, and interment took place at 12 o'clock to Bethel Cemetery.

SWATTED THE PREACHER.

Pastor Kissed the Bride and Was Knocked Out By Groom.

A special from Norfolk, Va., says Joseph McBuff and Agnes Talley of Chincoteague Island drove to the residence of Rev. James Porter and were married Tuesday night.

After the ceremony Rev. Porter kissed the bride.

The next moment McBuff's fist shot out and caught the Minister square on the jaw, and he is a complete knock-out.

Friends seized the angry groom and explained to him that it was the custom in that section for the officiating Minister to kiss the bride.

McBuff tendered as a peace offering two ten-dollar notes, which were accepted by Rev. Porter.

Although the dispatch states the Minister's name is Rev. James Porter, very many heretofore think it is the Rev. J. W. Porter, former Pastor of the First Baptist Church here, who has lately taken up his residence at Newport News, Va., in close proximity to Norfolk.

Miss Anna Campbell has taken rooms with Mrs. J. M. Judge on Market street.

THE RIVER NEWS.

The Sunshine will be up tonight for Pomeroy.

The Bonanza will be down for Cincinnati tonight.

The Government surveying party is now at Ripley.

The rises in the Kanawha river and the occasional ones from the headwaters of the Ohio are helping to keep open navigation for the larger boats.

The big wheel has been taken off the packet Queen City, and the cylinder frames will be spliced with boiler plate. The wheel weighs about 45 tons and is 32 feet in diameter.

The Kanawha shippers nearly the entire spring and summer have been able to make shipments out of Kanawha river of coal almost weekly, and consequently, it has no chance to accumulate.

Wednesday another rise was reported at Radford, on the New river, a tributary of the Kanawha river, which will do much toward keeping up a navigable stage in that river and the Ohio.

Assistant United States Engineer Alexander Lucas is now engaged in examining the condition of the crib and apron dikes on the Ohio river between Parkersburg and Cincinnati. Some of these dikes have been in use many years, and consequently, their condition is a disputed one and the purpose of the Engineer's trip is to find what repairs are needed. His work is greatly retarded by the continued high water prevailing in the Ohio for the time of the year. Lucas is at present at Letart, Ohio.

Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take a dose of Dr. F. H. Traxel's Cough Syrup. STRANGE SIGHT.

A Fleet Knight Chased and Caught a Colored Woman Who Had Grabbed His Horse.

Louisville, Ky., Aug. 30.—The sight of a plumed knight chasing wildly through the streets with a large black Negro woman doing her best to keep away from him interested passersby on Seventh street, near Main. The knight was Sir C. M. Walter, of New York, who was passing an alley on Seventh street, near Main, when two Negro women stepped out and into his path while one thrust her hand into his wallet pocket and took out his wallet containing \$67.

Sir Knight Walter seized the woman, who handed his pocketbook to the police. The Sir Knight was a fleet of foot, and the chase resulted as described.

The woman, Gertrude Brown, was held under \$1,000 bond.

Dyspepsia Cannot Be Cured
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure dyspepsia, and that is by constitutional remedies. Dyspepsia is caused by an indigestion of the mucous lining of the stomach. When this tissue gets inflamed you have a running sore or imperfect healing, and when it is entirely closed dyspepsia is the result, and now the inflammation can be taken out and this tissue restored to its normal condition, healing will be destroyed forever; new cases out of ten are caused by cascares, which is nothing but an irritant composed of the mucous of the stomach.

We will give one Hundred Dollars for any case of Dyspepsia (caused by cascares) that cannot be cured by Hall's Cathartic Cure. Need for circulars. F. J. Calkins & Co., Toledo, O. Sold by Druggists. The Hall's Family Pills are the best.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished essay. The advantage of having news and different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in *Fine Words*? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials; and are twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine features make fine birds, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people why you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and hear prices, which will be found to be as good as the cheapest, quality considered. Respectfully,
GEORGE COX & SON.
82 years selling good goods.
